BLUE RIDGE ELECTRIC CO-OP FINANCING PROGRAM REQUIREMENTS AND GUIDELINES

As a **BLUE RIDGE ELECTRIC CO-OP** residential customer, you may be eligible to obtain a loan through the co-op for installing an electric or dual fuel heat pump system. In order to qualify for this loan, you must meet the following guidelines.

HEAT PUMP

- I. Install a high efficiency electric or dual fuel heat pump with a Seasonal Energy Efficiency Ratio of 15 SEER, or SEER2 equivalent (14 SEER or SEER2 equivalent for Mobile Homes).
2. Make sure your dealer installs your heat pump in accordance with manufacturer's recommendations, ASHRAE and ACCA standards, local applicable codes and all accepted installation standards. Your dealer must be a member of our approved dealer list. That list is available on our website blueridge.coop or at any of our offices.
3. Borrow \$1000 to \$15,000 for one heat pump, up to \$20,000 for two or more heat pumps or up to \$10,000 for one heat pump in a mobile home.

TERMS AND CONDITIONS

- I. For existing site-built structures, the owner must own the residence (real property). For manufactured housing, the owner must own the manufactured home and property. Property owners must have been a BREC member for a minimum of 12 months.
2. Please submit a credit application to BLUE RIDGE ELECTRIC COOPERATIVE, INC. Your application will have to be approved by BLUE RIDGE ELECTRIC COOPERATIVE, INC. before you obtain the loan. Credit approval will be determined by your local office. Once the loan is approved, your dealer will submit a proposal outlining the unit to be installed for approval.
3. The loan amount cannot exceed the amount specified for the heat pump. No more than one loan per household at a time will be allowed.
4. It is your responsibility to assure that all work at your home is done according to accepted standards and guidelines.
5. A representative from BLUE RIDGE ELECTRIC COOPERATIVE, INC. may inspect the work to assure that the installation qualifies for the financing program.
6. The terms of your loan require that you make monthly payments and that you repay the amount you borrow plus interest in equal monthly installments not to exceed 60 months. If the amount borrowed is less than \$1,500, the maximum term is 42 months. WITH APPROVED CREDIT there will be no required down payment and 8.0% annual percentage rate will apply.
7. Once the heat pump is installed to your satisfaction and BLUE RIDGE ELECTRIC COOPERATIVE, INC. has inspected the work, payment will be made to you and your dealer.
8. Your heat pump loan will be secured with the value of the heat pump. If you should sell or refinance your home, you will be asked to repay the loan in full on demand. You will not have to pay unearned interest on the amount borrowed.
9. To secure the loan, you will be required to pay the filing fee for recording the Financing Statement (UCC-1)

Since BLUE RIDGE ELECTRIC COOPERATIVE, INC. does not sell, manufacture or install any of these products, we are not liable for any damages - direct or indirect - that might be associated through use of the products. This includes damage to you or anyone else who uses or installs the product and damage through installation or their lack of performance.
